

Houses, Uppingham Road, Leicester

The Project:

Five detached five-bedroom houses located within a well regarded residential area on the outskirts of Leicester.

Traditionally constructed the properties have piled foundations with precast concrete suspended ground floors; upper floors and roof structure are timber, the roof is finished with plain tiles.

Internally the premises were finished to a high standard with gas fired central heating, modern kitchen and bathroom fittings, decorative wall tiling and floor finishes.

Gaskell provided a feasibility report to the funder, Regentsmead, prior to works commencing and then monitored progress during construction to enable interim payments.

Client: Regentsmead Ltd

Contract Value: £1,650,000

Services:

- Project Fund Monitoring
